

**The UNC Charlotte Green Office Program (2015-2019)** was created to help offices and departments on campus identify sustainable actions that they are doing well in, as well as identify goals they can set to limit their impact on the community and environment. The certification consisted of three achievable levels based on how many actions were completed.

The state, UNC system and UNC Charlotte have goals for conserving energy and materials, reducing costs and maintaining safe, healthy workplaces. The program provided tips, feedback, and recognition for employee efforts, while collecting new ideas to share across the campus.

The Green Office Program included faculty, staff, or students sharing management of campus workspaces and equipment. Many units used this program as a team-building tool.

## **CERTIFIED GREEN OFFICES**

- **Level 4 (highest)**
  - Building & Environmental Services and Recycling
  - Chartwells Catering Services
  - Chartwells Dining Services
  - Chartwells ID Office
